

OUR DOCTORS**Dr Shiv Chopra**
MBBS FRACS (Plastic Surgery)
Specialist Plastic Surgeon

With roots in London, Dr Chopra has cultivated a distinguished career marked by his Fellowship from the Royal Australasian College of Surgeons in 2022 and extensive post-fellowship training across Europe's premier medical institutions. Dr Chopra's expertise is complemented by a dedicated focus on women's health, where he has a special interest in research and collaborations with industry and academia. His role as an educator and mentor at the Royal Brisbane and Women's Hospital, coupled with his active participation in international plastic surgery committees, underscores his commitment to advancing the field. Dr Chopra brings his expertise and personalised approach to care, and we invite our esteemed referral partners to join us in welcoming him to AR Plastic Surgery. Together, we strive to make a positive difference in the lives of those we care for.

Dr Chopra has a special interest in:

- Skin cancer management, including advanced Melanoma
- Benign skin concerns- lipoma and cysts
- Breast surgery eg. breast reduction, breast lift, breast augmentation, breast implant removal/explant surgery, breast reconstruction, gynaecomastia
- Body surgery- abdominoplasty and body contouring procedures after significant weight loss or post-pregnancy repair of muscle separation
- Facial surgery eg facelift
- Otoplasty
- Rhinoplasty
- Eyelid surgery eg. Blepharoplasty
